

Small Business and Entrepreneurship

This course introduces students to the rewards and risks of owning or operating a business enterprise. Emphasis is placed on the mastery of skills needed to plan, organize, manage, and finance a small business. Skills in communication, technical writing, mathematics, research, and problem-solving are reinforced as each student prepares his/her own business plan. Assessments include multiple choice quizzes, projects, and completion of a business plan.

Prerequisites

Two technical credits in the same career pathway
