

Anatomy and Physiology Honors

Course Description

This course is designed for the student with a strong background and interest in Biology and Medical Sciences. A detailed study of the human body, gross anatomy, and physiology provides the framework for this class. Students are expected to complete research and engage in online investigations in this course. Both independent and collaborative anatomy/physiology projects will be expected for the honors level credit.

Prerequisites:

Completion of Earth/Environmental Science, Biology with an A or B (strongly recommend a first-time level 3 or 4 proficiency on the EOC for Biology)
Co- or pre-requisite Physical Science or Chemistry
